## FOR IMMEDIATE RELEASE

## <u>Declaration of Stage 1 Water Conservation Measures</u>

**Kerrville** - Effective 12:01 am April 01, 2012, the City of Kerrville will move from **Stage** 2 to **Stage 1** water conservation measures.

Above average winter and early spring rains and less demand have helped to increase our water supplies. The Guadalupe River flow is now up to over 100 cubic feet per second (cfs), where this past summer it reached 8 cfs. Aquifer levels, although lower than normal, have steadily increased from this past summer.

The watering schedule for **Stage 1** allows for landscape and lawn watering with hose-end sprinklers or automatic irrigation systems from **6:00 a.m.** to **10:00 a.m.** and **8:00 pm to 12:01 am** 

- a. On Tuesdays and Saturdays for street addresses whose last digit ends in an odd number; or
- b. On Wednesdays and Sundays for street addresses whose last digit ends in an even number.

Landscape watering with a hand-held hose is allowed anytime for all addresses.

For additional information concerning <u>Stage 1 – Moderate Water Conservation</u> <u>Condition Guidelines/Rules</u> please contact the Public Works Department Office at (830).258-1221, or visit the city's website at <u>www.kerrvilletx.gov</u>.

## Kerrville is under <u>Stage 1 – Moderate Water Conservation Measures</u>.
